

# Cherokee County Planning Commission Work Session AGENDA

September 19, 2016  
Business Center 6:30 PM

## **CALL TO ORDER**

## **ZONING CASES**

- 1. Case #16-09-026 Birchwood Properties, LLC (City of Ball Ground)**  
Applicant is requesting to rezone 10.0 acres at Northridge Road from AG to RZL for a single family residential subdivision.
- 2. Case #16-10-031 FR-Peachtree, LLC (BOC Dist. 2)**  
Applicant is requesting to rezone 86 acres at Hickory Flat Highway and Stringer Road from AG to RZL for a single family residential subdivision. Applicant is also requesting variances to reduce the front building setback for alley products to five (5) feet from twenty-five (25) feet and a variance to center the ten (10) foot building separation on the property line.
- 3. Case #15-10-032 Core5 Industrial Partners, LLC (BOC Dist. 4)**  
Applicant is requesting to rezone 24.97 acres at 3331 Highway 92 from GC and R-40 to LI (Light Industrial) for a single or multi-tenant building for light industrial, manufacturing, and/or warehousing along with incorporated offices for such uses.
- 4. Case #16-10-033 Billy Kennedy (BOC Dist. 3)**  
Applicant is requesting to rezone 0.98 acres at 6739 Bells Ferry Road from LI to GC for addition of automotive sales at existing automotive repair facility.
- 5. Case #16-10-034 Lehigh Development (BOC Dist. 2)**  
Applicant is requesting to rezone 17.05 acres at 540, 568 and 678 Mountain Park Road from R-40, R-20 and RM-10 to R-20 for a single family residential subdivision.

**CITY OF BALL GROUND  
APPLICATION FOR ZONING CHANGE**

APPLICANT: Birchwood Properties LLC – James Turner and Taylor Weaver

ADDRESS: 1030 Holcomb Rd Ball Ground GA 30107

CELL PHONE: 404-375-8293 WORK PHONE: \_\_\_\_\_

PROPERTY OWNER: Birchwood Properties LLC

EXACT LOCATION OF PROPERTY: 312 Northridge Rd Ball Ground GA 30107

PRESENT ZONING: AG

PROPOSED ZONING: RZL

PROPOSED PROJECT: 25 lot subdivision with public water and sewer

REASON REQUESTED ZONING SHOULD BE GRANTED: Birchwood Properties, LLC wishes to protect the integrity and vision the City of Ball Ground is pursuing and we desire to be a part of the bright future that Ball Ground has with many years of prosperity to come.

LIST ADJOINING PROPERTY OWNERS AND ADDRESSES (Use additional pages if required)

See Exhibit attached

**IF ADOPTED, WOULD THE PROPOSED ZONING MATERIALIZE IN AN EQUAL OR BETTER ZONING THAN THAT EXISTING? The proposed zoning would be a better use of the property and would change the density from a possible 5 lots to 25.**

---

**IF THE ZONING IS AMENDED AS REQUESTED, THE USES WHICH WE SPECIFICALLY DESIRE FOR THIS PROPERTY ARE AS FOLLOWS: To construct 25 quality built homes that represent a home-town craftsman style vision utilizing earth-tone colors following the vision of the City of Ball Ground**

---

**WILL THE PROPOSED REZONING PERMIT A USE THAT IS SUITABLE IN VIEW OF THE USE AND DEVELOPMENT OF ADJACENT AND NEARBY PROPERTY OR PROPERTIES? (Explain Fully) The zoning being requested will produce a quality product equal to or better than the adjacent neighboring properties.**

---

**WILL THE PROPOSED REZONING ADVERSELY AFFECT THE EXISTING USE OR USABILITY OF ADJACENT OR NEARBY PROPERTY? (Explain Fully) The proposed re-zoning will not adversely affect the neighboring property owners usability, but rather it will affect them in a positive manner. It will increase their property values as well as create a more aesthetically appealing neighbor.**

---

**DOES THE PROPERTY TO BE AFFECTED BY THE PROPOSED REZONING HAVE A REASONABLE ECONOMIC USE AS CURRENTLY ZONED? (Explain Fully) The current zoning is an Agricultural zoning located in un-incorporated Cherokee county which currently serves as no economic benefit to the City of Ball Ground. If annexation and zoning that is being proposed is approved then the City of Ball Ground would be able to acquire the revenue from 25 new property owners.**

---

**WILL THE PROPOSED REZONING RESULT IN A USE WHICH WILL OR COULD CAUSE AN EXCESSIVE OR BURDENSOME USE OF EXISTING STREETS, TRANSPORTATION FACILITIES, UTILITIES, OR SCHOOLS?**

**(Explain Fully) If the proposed zoning is granted then it will not have an excessive burden on the streets, transportation facilities, utilities or schools. The proposal is for 25 lots should have a minimal effect on these services provided by the City. Birchwood Properties intent is to install at its own expense a private onsite wastewater sewer pump system at the time of developing the property. In addition, we will be installing a sidewalk inside the development and along Northridge Rd to be connect with the existing sidewalk that is located on the other side of Cherokee Village. The city shall be able to take over the onsite sewage pump system from one year after the installation of the proposed system.**

---

**ARE THERE OTHER EXISTING OR CHANGING CONDITIONS AFFECTING THE USE AND DEVELOPMENT OF THE PROPERTY WHICH GIVE SUPPORTING GROUNDS FOR EITHER APPROVAL OR DISAPPROVAL OF THE PROPOSED REZONING? The future development intent and pro-growth intent of the City of Ball Ground aligns with the requested zoning without negatively impacting the existing infrastructure within the City.**

---

---

**If your proposed use is more than one (1) single family residence, please answer the following questions:**

**Residential**

Minimum house size: 1500 sf

Exterior façade: Hardi/stone – Craftsman Style

Maximum number of units in this project 25

Start Date Fall 2016 Completion Date: Spring 2017

Are there restrictive covenants: YES X NO     

**Commercial/Industrial**

Number of buildings:                      Maximum square

footage in this Project:                      Total

Estimated number of employees:                     

Exterior façade:

Start Date: \_\_\_\_\_ Completion Date: \_\_\_\_\_

Are there restrictive covenants: YES \_\_\_\_\_ NO \_\_\_\_\_

State Law requires a disclosure report to be filed by applicant if within the past two years, applicant has given campaign contribution or made gifts of \$250 or more to the Mayor, a Council Member of the City of Ball ground, or member of the Planning Commission of Cherokee County who will consider the application. Indicate if applicant needs to file a disclosure report. YES \_\_\_\_\_ NO X

APPLICANT'S SIGNATURE: \_\_\_\_\_

DATE OF APPLICATION: March 4<sup>th</sup> 2016

Supporting Documents Required for Submission are:

- ✓ 1) Legal description of the tract(s) proposed to be rezoned.
- ✓ 2) Plat showing the dimensions, acreage and location of the tract(s) prepared by an architect, engineer, landscape architect or land surveyor whose state registration is current and valid (his seal shall be affixed to the plat);
- ✓ 3) A copy of the recorded warranty deed (or other instrument of title) which vested title to the property in the applicant.
- ✓ 4) A copy of the paid in full tax bill or letter from the Cherokee County Tax Department stating that all taxes have been paid, and;
- 5) A site plan showing any and all proposed improvements to be constructed if the application is approved.
- 6) If the applicant is not the owner, then a letter from the owner authorizing the applicant to pursue the requested zoning is required.

SECTION II

Property Information:

Location: South side of Highway 140, east of Stringer Road

Current Zoning: AG Proposed Zoning: RZL Total Acreage: 86.0

Tax Map #: 15 N 26 Parcel #: 039, 039A, 248, 249, 256, 257, 039C, 040 & 031 Land Lot(s): 320, 321 & 322 District: 15

Future Development Map Designation: Suburban Growth with a Transitional Corridor and a Community Village

Adjacent Zonings: North GC & R-80 South AG (County) East AG (Holly Springs) West AG (Holly Springs) RD3 and PUD

Applicant's Request (Itemize the Proposal, including code sections for Variance requests):

- 1) Rezone the property from AG to RZL
- 2) Reduce the front setback for alley products to five feet from 25 feet (Section 7.4-2(b)).
- 3) Center the ten foot building separation on the property line (Section 7.4-2(c)).

Proposed Use(s) of Property:

Single family residential.

Applicant Affidavit:

Upon receipt of the completed application package, the Planning and Land Use Department shall notify the applicant of scheduled date, times, and locations of the public meetings/hearings. The applicant or a representative must be present to answer any questions that may be asked. In the event that an application is not complete, the case may be delayed or postponed at the discretion of the department.

This form is to be executed under oath. I, Parks F. Huff, do solemnly swear and attest, subject to criminal penalties for false swearing, that the information provided in this Application for Public Hearing is true and correct and contains no misleading information.

This 29 day of August, 2016.

Print Name Parks F. Huff, Attorney for Applicant

Applicant Signature [Signature]

**SECTION III**

**Infrastructure Information:**

Is water available to this site?  Yes  No      Jurisdiction: Cherokee

How is sewage from this site to be managed?  
Cherokee Water and Sewer

Will this proposal result in an increase in school enrollment?  Yes  No

If yes, what is the projected increase? 215 students

Proposed Use(s)	# of units	Multiplier	Number of Students
Single Family (Detached) Home	296	0.725	214.6
Multi Family (Attached) Home		0.287	

**Traffic Generation:**

A traffic impact study prepared by a registered engineer will be required if the proposed subdivision exceeds 250 dwelling units; the non-residential development contains more than 25,000 square feet of floor area; or at the discretion of the County Engineer. If a traffic study is not required as part of this application, complete the following charts to estimate traffic generated by the proposal. Information for additional residential and all commercial/industrial development shall follow the summary of ITE Trip Generation Rates published in the Transportation Planning Handbook by the Institute of Transportation Engineers.

What is the estimated number of trips generated? 2,833 trips

Code	Land Use(s)	# of units or sqft*	Daily Trip Ends*	Number of Trips
210	Single Family Home/ Townhome	296	9.57	2,832.72
220	Apartment		6.63	

**Notes:**

- \* Residential land uses are calculated based on the number of residential units. Commercial and industrial land uses are typically calculated based on square feet (sqft) of floor area for the use.
- + Residential daily trip ends per unit are shown. Contact Planning and Land Use staff about rates for other land uses.

## SECTION VI

### APPLICANT RESPONSE STATEMENT- VARIANCES / APPEALS

The applicant finds that the following standards are relevant in balancing the interest in promoting the public health, safety, morality, or general welfare against the right to unrestricted use of property and shall govern the exercise of the zoning power.

If this application is in response to a variance, please respond to the following standards in the form of a written narrative. In the case of concurrent variances, a response to the standards below should be provided for each variance requested.

**1. Explain requested variance.**

- a. Reduce the front setback for homes with a rear alley garage from twenty-five (25) feet to five (5) feet (Section 7.4-2(b)); and
- b. Variance to allow the ten (10) foot building separation to be centered on the property lines (Section 7.4-2(c)).

**2. There are exceptional and extraordinary conditions pertaining to the particular piece of property in question, due to its size, shape or topography.**

The Providence Group builds a lot of alley fed or rear entry product which is not contemplated by the zoning ordinance. The front setback is to accommodate a front entry garage and parking. When the garage is moved to the rear the short front setback is needed to create the streetscape with the porch and front door being in close proximity to the sidewalk and manicured front yards. The RZL ordinance places the home on the property line but the development works better for everyone if the building separation can be centered on the property line. The homes keep the same separation but it eliminates issues if the house is exactly on the property line.

**3. The application of these regulations to this particular piece of property would create a practical difficulty or unnecessary hardship.**

The high end rear alley product creates the highest priced homes and the purpose of the larger front setback is not needed because the garage is in the back..

**4. Such conditions are peculiar to the particular piece of property involved.**

The topography and grading conditions are peculiar to the subject property as is the fact that Providence and their buyers want a rear entry home.

**5. A literal interpretation of this ordinance would deprive the applicants of any rights that others in the same district are allowed.**

The Providence product is designed for many homes to be rear entry products which are designed to be close to the sidewalk to create a streetscape that encourages walking. There is no benefit to the community or Cherokee County to have the increased front setback.

- 6. Relief, if granted, would not cause substantial detriment to the public good, or impair the purposes and intent of this ordinance.**

The ordinance is intended to create a proper separation between a home and the street. The Providence Group product uses a rear alley and garage for vehicular access and has a front streetscape with the home placed closer to the street.

- 7. Special circumstances or conditions applying to the building or land or building and land in question are peculiar to such premises and do not apply generally to other land or buildings in the vicinity.**

The most relevant circumstance related to the variance request is the Providence product and the fact that the community is a high end development that has rear entry garages.

- 8. Granting of the application is necessary for the preservation and enjoyment of a property right and not merely to serve as a convenience to the applicant.**

The Providence Group proposes a setback that respects the goal of the ordinance while allowing reasonable development of the property. There is no public benefit for an increased front or side setback in this situation.

- 9. The condition from which relief or a variance is sought did not result from willful action by the applicant.**

The requested variance relates specifically to the Providence product and a community with alleys.

- 10. Authorizing the variance will not impair adequate supply of light and air to adjacent property or unreasonably increase the congestion of public streets, increase the danger of fire, imperil the public safety, unreasonably diminish or impair established property values within the surrounding areas or in any other respect impair the health, safety, comfort, morals or general welfare of the inhabitants of the County.**

The setback variances will reduce any potential impact on surrounding properties by increasing the separation of the homes from existing properties.

## SECTION V

### AMENDED APPLICANT RESPONSE STATEMENT - REZONINGS AND AMENDMENTS / MODIFICATIONS TO ZONING CONDITIONS

The applicant finds that the following standards are relevant in balancing the interest in promoting the public health, safety, morality, or general welfare against the right to unrestricted use of property and shall govern the exercise of the zoning power.

**1. Explain the intent of the requested zoning.**

FR-Peachtree LLC proposes to rezone the property to RZL for a Providence Group gated-community with private streets and common landscape maintenance by the homeowners association. Many of the homes will be accessed by an alley and a garage located to the back of the home. The Providence Group has developed multiple successful high end communities in Vinings and Alpharetta.

**2. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.**

The Stringer family has owned the property for over 100 years. In the last several years, properties in this section of Hickory Flat have developed at densities of greater than 3.5 units per acre. The proposed use is suitable given the developed RD-3 and PUD's in the county and PRD's in Holly Springs.

**3. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property.**

The Providence community will be quieter and create less of an impact on adjacent properties than any other residential development would have. The gated community with common landscape maintenance will be quiet create less impact than a traditional single family neighborhood.

**4. Whether the property to be affected by a proposed zoning has a reasonable economic use as currently zoned.**

As zoned, the property does not have a reasonable economic use. The AG zoning on the subject property would not allow sufficient density to cover the cost associated with developing the land which would include extending public utilities.

**5. Whether the proposed zoning will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.**

The Providence neighborhood will have less of a burden on schools, roads and other public infrastructure than the development of the property for a traditional single

family neighborhood which would appeal to larger families with school aged children rather than empty nesters.

**6. Whether the proposed zoning is in conformity with the policy and interest of the land use plan.**

The RZL designation will create an intensity that is consistent with the various land use plan designations on the property which include a portion of the property in Community Village and the remainder being in Suburban Growth but with a Transitional Corridor overlay. The county analyzed this property for a previous annexation request and chose not to challenge the annexation if the property was developed at a density of 3.5 units per acre.

**7. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approved or disapproval of the proposed zoning.**

This section of Cherokee County has a demand for but a limited supply of homes designed for the empty nester and higher-end buyers that want to live in a gated community where lawn maintenance is included. The lawn and landscaping is all maintained by the HOA so the residents can enjoy a quiet a beautiful community that will have sidewalks throughout to encourage walking and social interaction. Many homes will have a rear garage accessed by an alley so the homes are moved closer to the street to create an attractive streetscape.

TO THE CHEROKEE COUNTY BOARD OF COMMISSIONERS  
CHEROKEE COUNTY, GEORGIA

**CONSTITUTIONAL CHALLENGE**

COMES NOW, FR-PEACHTREE, LLC, hereinafter referred to as the "Applicant", and asserts the following, to wit:

1.

By application to which this exhibit relates, Applicant has applied for a rezoning of certain real property lying and being in Cherokee County, Georgia, a more particular description and delineation of the subject property hereinafter referred to as the "Property", being set forth in said Application.

2.

The Application for Public Hearing of the property seeks a rezoning from the existing category of AG, as established by the governing authority of Cherokee County, Georgia to the zoning category of RZL.

3.

The current AG zoning classification of the property and all intervening classifications between same and RZL are unconstitutional in that they deprive the Applicant under and pursuant to Article 1, Section I, Paragraphs I and II of the Georgia Constitution of 1983 and the Equal Protection and Due Process clauses of the Fifth and Fourteenth Amendments to the Constitution of the United States. This deprivation of property without due process violates constitutional prohibitions against the taking of private property without just compensation.

4.

The zoning classification of AG as well as all intervening classifications between same and RZL as they presently exist violate the Applicant's right to the unfettered use of the property in that the existing zoning classification does not bear a substantial relation to the public health, safety, morality or general welfare and is, therefore, confiscatory and void. Further, said classifications are unconstitutional in that they are arbitrary and unreasonable, resulting in relatively little gain or benefit to the public, while inflicting serious injury and loss upon the Applicant.

5.

The Cherokee County Zoning Ordinance is further unconstitutional in that the procedures contained therein pertaining to the public hearing held in connection with zoning applications also violates the aforementioned constitutional provisions in that said procedures contain the lack of procedural and evidentiary safeguards, do not restrict evidence received to the issues at hand and are controlled wholly and solely by political considerations rather than the facts and considerations required by law.

6.

Pursuant to O.C.G.A. §§ 36-11-1 and 36-33-5, please consider this your notice that as of today's date the Owner/Applicant is contending that Cherokee County's unconstitutional zoning classifications of the property have caused damages to the Owner/Applicant. As a direct and proximate result of the unconstitutional zoning classifications, the Owner/Applicant has suffered and will continue to suffer monetary damages in the nature of attorneys' fees and costs, interest and other expenses on pending loans on the property, loss of income from the property and other related

damages. This amount cannot be calculated to an exact certainty; however, the Owner/Applicant will assist the County by providing whatever additional information, if any, the County feels is necessary to adequately investigate this claim. If the Owner/Applicant does not receive a timely request for additional information, it will be presumed that the County does not require any additional information and can make a determination within the allowed statutory period.

Respectfully submitted, this the 19 day of August, 2016.

SAMS, LARKIN, HUFF & BALLI, LLP

By:   
PARKS F. HUFF  
Attorney for Applicant

Re: Rezoning Request for FR-Peachtree, LLC for approximately ±86.0 Acres on the South East corner of Hickory Flat Highway and Stringer Road, in Land Lots 248, 249, 256, 257, 320, 321 and 322 of the 15<sup>th</sup> District, Parcels 039, 039A, 039C, 040 and 031 of Tax Map 15N26 from AG to RZL, Cherokee County, Georgia.

Dear Vicki:

FR-Peachtree, LLC conducted a public participation meeting on August 3, 2016 at 6:30 p.m. at Hickory Flat Library. Attached is a list of those who attended the meeting. The Applicant explained the proposed development would be built by The Providence Group and that the product is homes priced from the mid \$300s to \$600s based upon similar projects in Alpharetta and Vinings. The gated community will include private roads with the Homeowners Association maintaining all the landscaping.

The property is at the signalized intersection of Stringer Road and Hickory Flat Highway with a portion of the property in a Community Village and the remaining property in Suburban Growth with a Transition Corridor overlay. Because of the increased intensity with the overlay and the Community Village, the County did not object to an earlier annexation request if the project was 3.5 units per acre. Therefore, the applicant proposes 3.5 units per acre which is consistent with similar developments in the area.

The neighbors all recognized that the proposal was better than the original request of 4.2 units per acre, but they remained concerned about traffic and the proposed density. The Applicant stated that they would work with the County Engineer with potential improvements to Stringer Road and the proposed intersection improvement at State Route 140. Overall the neighbors understood that the Stringer Family needs to sell their property and that the development of the property was inevitable. But they remained skeptical of the impact on traffic in the area and they will always want less density than what is proposed. The impact on traffic

is arguably less than if the property was developed commercially consistent with the Community Village land use designation. Please let me know if you have any additional questions or concerns regarding this meeting.

Sincerely,

SAMS, LARKIN, HUFF & BALLI, LLP

## PUBLIC PARTICIPATION PLAN

COMES NOW, FR-PEACHTREE, LLC (hereinafter "Applicant") to file this Public Participation Plan along with its Public Hearing Application for property located on the south side of Highway 140, east of Stringer Road. The Applicant has implemented the following plan in order to inform the community of the development proposal and to create a dialogue with the surrounding residents and the effected government entities.

1.

The Applicant mailed notices to all property owners within 750 feet of the subject property and persons on the Interested Parties List, and invited them to the Public Participation Meeting. Said letter was mailed prior to the Public Participation Meeting and was mailed to all property owners based upon the Cherokee County Tax Assessor records and all interested parties.

2.

The notice of the Public Participation Meeting included a summary of the Applicant's rezoning request and a plat of the proposed development.

3.

The Applicant submitted to the Planning and Zoning Office a copy of the notices and a list of the property owners so served.

4.

The Public Participation Meeting occurred prior to filing the Public Hearing Application and a summary of the results of this meeting has been sent to the Planning and Zoning Office.

5.

The Applicant will continue a dialogue with the respective County departments regarding transportation and other issues relating to the proposed zoning.

6.

The notice of the Public Participation Meeting as described above adequately notified those parties who are interested in the development. The Applicant will adjust its Public Participation Plan consistent with the feedback it receives during the rezoning process.

Respectfully submitted this 19 day of August, 2016.

Re: Rezoning Request for **FR-Peachtree, LLC** for approximately ±86.36 Acres on the South East corner of Hickory Flat Highway and Stringer Road, in Land Lots 248, 249, 256, 257, 320, 321 and 322 of the 15<sup>th</sup> District, Parcels 39, 39A, 39C and 31, and 40 of Tax Map 15N26 from AG to RZL, Cherokee County, Georgia.

Dear Vicki:

As you know, this firm represents the Applicant concerning the above-captioned application for rezoning being filed by the August 19, 2016 deadline. In accordance with the Cherokee County's **Public Participation Program**, enclosed please **find a copy of the notice sent** to all surrounding property owners within a 750 foot radius of the boundary lines of the subject property as shown on the most current tax records. We have also notified the individuals on the County's Interested Parties list. Enclosed please find the original Certificate of Mailing from the U. S. Post Office.

If you need further information concerning this matter, please do not hesitate to call.

Sincerely,

SAMS, LARKIN, HUFF & BALLI, LLP

## **TO: NEARBY PROPERTY OWNERS**

Re: Rezoning Request for FR-Peachtree, LLC for approximately ±86.36 Acres on the South East corner of Hickory Flat Highway and Stringer Road, in Land Lots 248, 249, 256, 257, 320, 321 and 322 of the 15<sup>th</sup> District, Parcels 39, 39A, 39C and 31, and 40 of Tax Map 15N26 from AG to RZL, Cherokee County, Georgia.

I represent FR-Peachtree, LLC in relation to a proposed rezoning application for a new neighborhood on Hickory Flat Highway (State Route 140) at Stringer Road. FR-Peachtree proposes to rezone the property to RZL for a residential community with a mixture of housing types.

You are invited to a Public Participation Meeting to hear about the Applicant's proposal where you can learn more about the proposed new neighborhood. You are receiving this notice because you own property close to the proposed project. The meeting will be held on August 3, 2016 at 6:30 p.m. at the Hickory Flat Public Library located at 2740 East Cherokee Drive, Canton, GA 30115.

It is anticipated that the rezoning request will be heard by the Cherokee County Planning Commission on October 4, 2016 at 7:00 pm and by the Board of Commissioners on October 18, 2016 at 6:00 p.m. Both of these meetings will be held at the Cherokee County Administrative Complex at 1130 Bluffs Parkway, Canton, GA 30114 in Cherokee Hall.

If you are unable to attend the public participation meeting and would like additional information, please contact me at once. I look forward to seeing you at the public participation meeting.

Sincerely,

SAMS, LARKIN, HUFF & BALLI, LLP

Adjacent Zonings: North LI South GC/R-40 East LI West R-40

Applicant's Request (Itemize the Proposal, including code sections for Variance requests):

Applicant wishes to rezone the property to a Light Industrial use, in order to construct a single or multi-tenant building for light industrial, manufacturing, or warehousing uses, in keeping with the uses established in the adjacent Cherokee 75 Corporate Park.

Proposed Use(s) of Property:

Light industrial, manufacturing, and/or warehousing, along with incorporated offices for such uses.

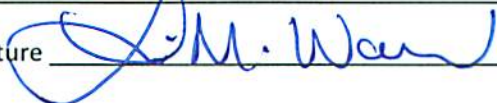

Applicant Affidavit:

Upon receipt of the completed application package, the Planning and Land Use Department shall notify the applicant of scheduled date, times, and locations of the public meetings/hearings. The applicant or a representative must be present to answer any questions that may be asked. In the event that an application is not complete, the case may be delayed or postponed at the discretion of the department.

This form is to be executed under oath. I, Lisa M. Ward, do solemnly swear and attest, subject to criminal penalties for false swearing, that the information provided in this Application for Public Hearing is true and correct and contains no misleading information.

This 1st day of August, 20 16.

Print Name Lisa M. Ward.

Applicant Signature .

**SECTION III**

**Infrastructure Information:**

Is water available to this site?  Yes  No

Jurisdiction: CCWSA

How is sewage from this site to be managed?

Public sewer from adjacent parcel.

Will this proposal result in an increase in school enrollment?  Yes  No

If yes, what is the projected increase? \_\_\_\_\_ students

Proposed Use(s)	# of units	Multiplier	Number of Students
Single Family (Detached) Home		0.725	
Multi Family (Attached) Home		0.287	

**Traffic Generation:**

A traffic impact study prepared by a registered engineer will be required if the proposed subdivision exceeds 250 dwelling units; the non-residential development contains more than 25,000 square feet of floor area; or at the discretion of the County Engineer. If a traffic study is not required as part of this application, complete the following charts to estimate traffic generated by the proposal. Information for additional residential and all commercial/industrial development shall follow the summary of ITE Trip Generation Rates published in the Transportation Planning Handbook by the Institute of Transportation Engineers.

What is the estimated number of trips generated? 500 trips

Code	Land Use(s)	# of units or sqft*	Daily Trip Ends*	Number of Trips
210	Single Family Home/ Townhome		9.57	
220	Apartment		6.63	

**Notes:**

\* Residential land uses are calculated based on the number of residential units. Commercial and industrial land uses are typically calculated based on square feet (sqft) of floor area for the use.

+ Residential daily trip ends per unit are shown. Contact Planning and Land Use staff about rates for other land uses.

APPLICANT RESPONSE STATEMENT

REZONING APPLICATION OF CORE5 INDUSTRIAL PARTNERS, LLC

TAX PARCEL 21N06-244/245/284

Applicant Core5 Industrial Partners, LLC is requesting that 24.97 acres of land on Georgia Highway 92 be rezoned from a General Commercial (GC) and Residential designation (R-40) to a zone of Light Industrial (LI), in order to construct a single or multi-tenant building for light industrial, manufacturing and/or warehousing uses.

This zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property. The adjacent Cherokee 75 Corporate Park, also zoned Light Industrial, has been extraordinarily successful in bringing business and industrial investment into Cherokee County. A State-sanctioned Opportunity Zone has been created for the western Highway 92 corridor, offering certain tax credits to encourage this type of job-creating growth in this area.

The properties located along Georgia Highway 92 are rapidly transforming from vacant uses to business and industrial uses, due to the Opportunity Zone and the volume and intensity of traffic traversing the highway between Interstates 75 and 575. A variety of commercial and industrial uses have been implemented between Interstate 75 and the Cherokee 75 Corporate Park. The zoning proposal will not adversely affect the existing use or usability of adjacent or nearby property, as the property will be utilized for similar uses as have already been established.

The property as currently zoned does not have a reasonable economic use. Given the successful growth of the adjacent industrial park to the north, this property has become undesirable for residential use. This rezoning will not cause an excessive, burdensome, or

RECEIVED  
8/29/16

REVISÉ  
8/29/16

increased use of existing streets, transportation facilities, or utilities. Highway 92 was recently straightened and widened to support this type of use near Interstate 75.

The County's land use plan does not yet accurately reflect the new opportunities for business and industrial growth in this area, as it was approved before the Opportunity Zone designation, and before the development of the Cherokee 75 Corporate Park. The areas along Highway 92 are slated for Development in the Future Land Use Plan. As noted above, Georgia Highway 92 is rapidly changing, given its recent widening and the development activity in the corridor.

Interested Party in Rezoning – Commission District 4

Re: Rezoning Application of **Core5 Industrial Partners, LLC**  
Cherokee County Tax Map Nos. 21N06-244/245(part)

To Whom It May Concern:

An Application for a Zoning Amendment is in the process of being filed on behalf of Core5 Industrial Partners, LLC, regarding property located at 3331 Highway 92, Acworth, Georgia, in the 2nd Section, 21st District, Land Lots 1104 and 1105, being approximately 25 acres of land. This property is located approximately one mile west of the intersection of Highway 92 and Woodstock Road.

The applicant is requesting that this property be rezoned from General Commercial (GC) and Single-Family Residential (R-40) designations to a Light Industrial (LI) classification to construct a building for industrial, manufacturing, or warehousing uses. Uses in this zone are required to be conducted wholly indoors, and are not allowed to emit smoke, dust, fumes, gas, noise, vibrations, or other nuisances that would affect nearby properties.

You, as either a nearby property owner or an interested party in Cherokee County rezoning cases, are invited to a **Public Participation Meeting** regarding this application, to be held in the community room of the Oak Grove Fire Station, located at 100 Ridge Mill Court, Acworth, Georgia 30102, on Monday, **August 1, 2016, at 6:30 p.m.**

If you have questions regarding this matter, please do not hesitate to contact my office.

Sincerely,

S. Jeffrey Rusbridge  
Attorney at Law

August 14, 2016

Cherokee County Planning and Zoning Department  
1130 Bluffs Parkway  
Canton, GA 30114

Re: Rezoning Application of Core5 Industrial Partners, LLC  
Cherokee County Tax Map Nos. 21N06-244/245(part)

The public participation meeting regarding the above rezoning application was held in the community meeting room of the Oak Grove Fire Station on Monday, August 1, 2016, at 6:30 p.m. The meeting concluded at approximately 7:30 p.m.

The applicant, through its legal counsel, on July 22, 2016, notified by mail all property owners deemed to be located within 750 feet of the subject property, along with all persons on the Interested Parties List provided by your office. A sample of the notice that was sent to each person is attached hereto as Exhibit "A". The Certificates of Mailing to each person required to be notified are attached hereto as Exhibit "B". The applicant had the following available for review at the meeting: a site plan of the property; the Future Development Map; the Cherokee County Zoning Map; copies of the rezoning application; and renderings of the applicant's proposed building.

Ten people attended the meeting. The concerns expressed focused on: traffic and truck noise on Highway 92; a desire for commercial development in the area; and the potential for increased property taxes.

Sincerely,

S. Jeffrey Rusbridge  
Attorney at Law

	<u>Commercial</u>			

Notes:  
 \* Residential land uses are calculated based on the number of residential units. Commercial and industrial land uses are typically calculated based on square feet (sqft) of floor area for the use.  
 + Residential daily trip ends per unit are shown. Contact Planning and Land Use staff about rates for other land uses.

July 27, 2016

To Whom It May Concern:

This letter is in reference to the rezoning request for 6739 Bells Ferry Road in Woodstock, GA.

1. The intent of the requested zoning is for the opportunity to buy and sell vehicles that we come across during our regular operation. Nothing will change in reference to the property or the structure on the property outside of the changing of signage to reflect the sales.
2. The zoning requested is similar to what is already located at adjacent and nearby properties.
3. This zoning request will not adversely affect the existing use or usability of adjacent or nearby property.
4. This property is currently being utilized as an automotive repair facility. We are looking to add the ability to buy and sell vehicles.
5. The changes we are requesting should have no affect on the use of existing streets, transportation facilities, utilities, or schools.
6. The requested zoning is in conformity with the policy and interest of the land use plan.
7. I am not aware of any other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approved or disapproval of the proposed zoning.

Sincerely,

Billy Kennedy  
Kennedy Holdings

This 25 day of August, 20 16.

Print Name Brendan Walsh

Applicant Signature [Signature]

**SECTION III**

**Infrastructure Information:**

Is water available to this site?  Yes  No

Jurisdiction: Cherokee County

How is sewage from this site to be managed?

The site will use sanitary sewer and has 32 sewer taps in the Little River Basin. The outfall will be reached in the ROW of Mountain Park Road.

Will this proposal result in an increase in school enrollment?  Yes  No

If yes, what is the projected increase? 23.2 students

Proposed Use(s)	# of units	Multiplier	Number of Students
Single Family (Detached) Home	32	0.725	23.2
Multi Family (Attached) Home		0.287	

**Traffic Generation:**

A traffic impact study prepared by a registered engineer will be required if the proposed subdivision exceeds 250 dwelling units; the non-residential development contains more than 25,000 square feet of floor area; or at the discretion of the County Engineer. If a traffic study is not required as part of this application, complete the following charts to estimate traffic generated by the proposal. Information for additional residential and all commercial/industrial development shall follow the summary of ITE Trip Generation Rates published in the Transportation Planning Handbook by the Institute of Transportation Engineers.

What is the estimated number of trips generated? 306.24 trips

Code	Land Use(s)	# of units or sqft*	Daily Trip Ends*	Number of Trips
210	Single Family Home/ Townhome	32	9.57	306.24
220	Apartment		6.63	

**Notes:**

\* Residential land uses are calculated based on the number of residential units. Commercial and industrial land uses are typically calculated based on square feet (sqft) of floor area for the use.

+ Residential daily trip ends per unit are shown. Contact Planning and Land Use staff about rates for other land uses.

## Section V

1. Our request is to change the current zoning of R-40, R-20, and RM-10 to a single family zoning of R-20. Within the R-20 zoning we intend to build all single-family residences of fee simple lots.
2. Our proposal creates use that is suitable to adjacent property owners, as all adjacent owners own single-family homes. Our proposal is for all single-family homes, which is the same use.
3. The zoning proposal will have no effect on the use of adjacent property owners, as we are not asking for any changes in setbacks or distances.
4. The property may have some use as currently zoned because the current zoning allows for multi-family dwellings (apartments). I do not focus on apartment developments, so I am not as familiar with the economics of an apartment deal. That being said I feel like apartments are a bad fit for this area as it is predominantly single-family homes.
5. The current site is already entitled to 32 units, so we are not increasing density from the current use. Therefore this should have no effect on existing infrastructure in the area.
6. The future land use plan of Suburban Living allows for R-20 zoning, which is what we are proposing.
7. The site is currently assigned 32 sewer taps in the Little River Basin, which is under a moratorium. Our plan does not exceed the amount of sewer taps assigned to this property, nor does it exceed the density that is currently allowed for this property. The request is based on the ability to design the community more efficiently with single-family homes without changing the character of the area.

## Public Participation Report

### **(A) Dates and Location of Meetings**

- a. Leita Thompson Memorial Garden  
August 4<sup>th</sup>, 2016 6:30 PM

### **(B) Content Mailed**

- a. See attached letter included in email
- b. Date Mailed: July 25<sup>th</sup>, 2016
- c. Number of Letters Mailed: 97
- d. D2 Planning District Members and Property Owners with 750 ft of subject property
- e. See attached sign in sheet from public meeting with 15 people

### **(C) Feedback**

- a. Increased traffic on small roads after development is complete.
  - i. Our project will create an increase in traffic from the current use of the site, which includes a couple of rental properties. We are not increasing the density from what is already entitled on the property (R-40 & RM-10), which is what the road is designed for. We will provide a decelerate lane per LDP requirements, but cannot make any other changes to a county controlled road.
- b. Construction traffic during the development of the project
  - i. We cannot monitor the traffic on a 24 hours basis, but are willing to make agreements with our vendors that access must be off of Wiley Bridge Road during construction.
- c. Stormwater runoff during construction
  - i. We will be following the Georgia Code handbook when designing the phases of erosion control for the project. We will be paying particular attention to the Northeast corner of the site closest to the lake.
- d. Stormwater runoff after completion
  - i. The same rules apply that all of our design will meet Georgia EPD standards once the site has been stabilized. We are currently in the process of nailing down a time to the meet with the Mayor of Mountain Park to discuss this in more detail
- e. Annexation of Property
  - i. This is not something we have ever thought about before or have any experience in doing, so we don't feel comfortable commenting on it.
- f. Types of sewage system
  - i. This property is already assigned 32 sewer taps into the Little River Basin, which is currently under a moratorium. The sewer outfall will be tied into the public ROW on Mountain Park Road.

Re: Rezoning of 678 Mountain Park Road, Woodstock, GA 30188

Dear Neighbors:

Our team is in the process of rezoning the property at 678 Mountain Park Road, from its current zoning of R-40 (Single Family Residential) and RM-10 (Multi-Family Residential) to a RD-3 (Single Family) District. We see this potential project as a tremendous asset to the community, and a major improvement from what exists on site today.

As with all projects we do we like to feedback from the community who it affects most. Cherokee County has also taken the initiative to require all developers and builders to meet with the community before the zoning process get's started, which we feel is a great tool to provide communication between us.

We will be hosting a meeting on August 4th at 6:30 PM at the Leita Thompson Memorial Garden at 1200 Woodstock Road, Roswell, GA 30075. At the meeting we will provide an updated site plan of the property, and be able to address any questions or comments about the project.

We look forward to the opportunity to work with you through this process and making Woodstock a more desirable place to live.

Sincerely,

Brendan Walsh

Sean Connelly
